Had a neat flight but could not sleep at all. Hotel is old but very clean with super comfy beds. The weather is same as home. Called at last night of a gal who is with Christ. Women's Club. Her husband is a Dir. at World Hdqtrs for youth for Christ. They invited us to go to church with them this morning and to visit his office. Also has a Gideon in Congreg. that he will introduce us to. Also says there is fine Christ. man in the area we are going to later that can help us locate our family. God is so good! Ate at a Wendy's last night. Took long walk in area across water in picture. We are staying just this side of water. Can walk anywhere at night. This place never shuts down. More later. John & Sharon.
